Get to know your teammates

Ask your potential teammates questions to build an effective team

Set up your group in one click 🖐️

Telegram Integration

Tired of manually creating group chats? Now you don't have to. Scout will create a Telegram group for your group and update the group if anyone requests to join!

Template Questions

Not sure what to ask? We've got you covered! Our template questions are adapted from Google's research on what drives effective teams.

✨ STePS-exclusive Event ✨

Find a team to play Beat Saber on the Oculus and stand a chance to win some prizes!

Can't find a team? **Use Scout!**

Partners **Problematic** is a fun-filled math problem-solving competition organised by NUS Math Society.

iNTUition is one of the largest student-run hackathons in South-East Asia, with over 500 participants in the previous iterations.

LifeHack is a hackathon organised annually by NUS Students' Computing Club, with over 400 participants in previous iterations.
